How to give user role:

1. My account
2. Users
3. Action/Edit
4. Roles
5. Select (chose role)
6. Save Button

The screenshot displays the SCYCom Admin Control Panel interface. On the left is a sidebar menu with categories: **SCYCom Admin** (My Account), **Content** (Web Content, Document Library, Image Gallery, Bookmarks, Calendar, Message Boards, Blogs, Wiki, Polls, Software Catalog, Tags), **Portal** (Users, Organizations, Communities, User Groups, Roles, Password Policies, Settings, Monitoring, Plugins Configuration, Mission scheduler), and **Server** (Server Administration, Portal Instances, Plugins Installation). A blue arrow labeled '2.' points to the 'Users' link under the 'Portal' category.

The main content area is titled 'Portal' and contains a 'Users' section. At the top of this section are links for 'View All', 'Add', 'Custom Attributes', and 'Export'. Below this, there are three role categories: 'Regular Roles', 'Organization Roles', and 'Project Roles'. Under 'Regular Roles', a table shows one role: 'SCYCOM administrator' with a 'Remove' button. A blue arrow labeled '5.' points to the 'Select' link below this table. Under 'Organization Roles', a message states 'This user does not belong to an organization to which an organization role can be assigned'. A blue arrow labeled '4.' points to the 'Roles' link in the right-hand sidebar. Under 'Project Roles', a table shows one role: 'Community Owner' with the title 'SCYCOM User Testing' and a 'Remove' button. A blue arrow labeled '6.' points to the 'Save' button at the bottom of the right-hand sidebar.

The right-hand sidebar features a user profile for 'Alex Verkade' with a 'Back to SCYCom' link. Below the profile is a 'User Information' section with links for 'Details', 'Password', 'Organizations', 'Projects', and 'User Groups'. Further down is an 'Identification' section with links for 'Addresses', 'Phone Numbers', 'Additional Email Addresses', 'Websites', 'Instant Messenger', 'Social Network', and 'SMS'. At the bottom is a 'Miscellaneous' section with links for 'Announcements' and 'Display Settings'. At the very bottom of the sidebar are 'Save' and 'Cancel' buttons.
